## Supervised Clinical Experience

**Note:** The clinical experience requirements in this section are preloaded from the prior year's IPRC. Teacher preparation providers will enter the number of participants each year.

Provide the following information about supervised clinical experience in 2022-23. ([§205\(a\)\(1\)\(C\)\(iii\)](#), [§205\(a\)\(1\)\(C\)\(iv\)](#))

You have programs with the student teacher model, but "clock hours of supervised clinical experience required prior to student teaching" is 0. Please correct the data, or confirm.

**Please provide any additional information about or descriptions of the supervised clinical experiences:**

Interns in the ARC program complete a minimum of one-half school year of clinical practice, and an additional significant amount of time if necessary. Clinical practice is full-time and evaluated by a field supervisor and supervised by a mentor teacher. The definition of full-time is 4/5 or more of the regular school day and the minimum requirement for supervised is having the mentor teacher in proximity of the candidate during the school day. Clinical practice begins with frequent and intense supervision of candidates by mentors, and diminishes over time, according to the co-teaching model. Before supervision is diminished, the mentor and field supervisor must agree that the candidate is ready to assume more independent responsibility for students.

# Enrollment and Program Completers

## Teachers Prepared

On this page, enter the number of program completers by the subject area in which they were prepared to teach, and by their academic majors. Note that an individual can be counted in more than one academic major and subject area. For example, if an individual is prepared to teach Elementary Education and Mathematics, that individual should be counted in both subject areas. If no individuals were prepared in a particular academic major or subject area, you may leave the cell blank. Please use the "Other" category sparingly, if there is no similar subject area or academic major listed. In these cases, you should use the text box to describe the subject area(s) and/or the academic major(s) counted in the "Other" category.

If your IHE offers both traditional and alternative programs, be sure to enter the program completers in the appropriate reports. For the traditional report, provide only the program completers in traditional programs within the IHE. For the alternative report, provide only the program completers for the alternative programs within the IHE.

After entering the teachers prepared data, save the page using the floating save box at the bottom of the page.

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

- >> [Teachers Prepared by Academic Major](#)

## Teachers Prepared by Subject Area

Please provide the number of teachers prepared by subject area for academic year 2022-23.

For the purposes of this section, number prepared means the number of program completers. "Subject area" refers to the subject area(s) an individual has been prepared to teach. An individual can be counted in more than one subject area. If no individuals were prepared in a particular subject area, please leave that cell blank. ([§205\(b\)\(1\)\(H\)](#))

### What are CIP Codes?

No teachers prepared in academic year 2022-23

If your program has no teachers prepared, check the box above and leave the table below blank (or [clear responses already entered](#)).

What are CIP codes? The Classification of Instructional Programs (CIP) provides a taxonomic scheme that supports the accurate tracking and reporting of fields of study and program completions activity. CIP was originally developed by the U.S. Department of Education's National Center for Education Statistics (NCES) in 1980, with revisions occurring in 1985, 1990, and 2000 (<https://nces.ed.gov/ipeds/cipcode/Default.aspx?y=55>).

## Teachers Prepared by Academic Major

Please provide the number of teachers prepared by academic major for academic year 2022-23. For the purposes of this section, number prepared means the number of program completers. "Academic major" refers to the actual major(s) declared by the program completer. An individual can be counted in more than one academic major. If no individuals were prepared in a particular academic major, please leave that cell blank. ([§205\(b\)\(1\)\(H\)](#))

Please note that the list of majors includes several "Teacher Education" majors, as well as several noneducation majors. Please use care in entering your majors to ensure education-specific majors and non-education majors are counted correctly. For example, if an individual majored in Chemistry, that individual should be counted in the "Chemistry" academic major category rather than the "Teacher Education–Chemistry" category.

# Program Assurances

THIS PAGE INCLUDES:

>> [Program Assurances](#)

Respond to the following assurances. Teacher preparation programs should be prepared to provide documentation and evidence, when requested, to support the following assurances. ([§205\(a\)\(1\)\(A\)\(iii\)](#); [§206\(b\)](#))

## Program Assurances

**Note:** This section is preloaded from the prior year's IPRC.

1. Program preparation responds to the identified needs of the local educational agencies or States where the program completers are likely to teach, based on past hiring and recruitment trends.

- Yes  
 No

2. Preparation is closely linked with the needs of schools and the instructional decisions new teachers face in the classroom.

- Yes  
 No

3. Prospective special education teachers are prepared in core academic subjects and to instruct in core academic subjects.

- Yes  
 No  
 Program does not prepare special education teachers

4. Prospective general education teachers are prepared to provide instruction to students with disabilities.

- Yes  
 No

5. Prospective general education teachers are prepared to provide instruction to limited English proficient students.

- Yes  
 No

6. Prospective general education teachers are prepared to provide instruction to students from low-income families.

- Yes  
 No

7. Prospective teachers are prepared to effectively teach in urban and rural schools, as applicable.

- Yes  
 No

8. Describe your institution's most successful strategies in meeting the assurances listed above:

We have designed specific courses to address English Language Learners and Special Education knowledge and skills as well as refining syllabi of existing courses to include relevant and critical information. We continue to work with our partner placement districts and schools to provide experiences for our teacher candidates in diverse settings. We also have integrated at least two additional, sometimes required workshops specifically focused on supporting ELL and SpEd students and families.

# Annual Goals: Mathematics

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students.

## Report Progress on Last Year's Goal (2022-23)

### 1. Did your program prepare teachers in mathematics in 2022-23?

If no, leave remaining questions for 2022-23 blank (or [clear responses already entered](#)).

- Yes  
 No

### 2. Describe your goal.

We have continued promoting our distance learning opportunities, and have stable enrollment when combining all undergraduate and graduate program routes. Our Math/Science cohort is smaller this year, however our elementary students in the graduate program are now receiving two discrete math methods courses, which matches the preparation of undergraduates in teaching math. Additionally, our alternative routes to certification program has recruited more students of color than in past cohorts.

### 3. Did your program meet the goal?

- Yes  
 No

### 4. Description of strategies used to achieve goal, if applicable:

### 5. Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

Continue to offer PB Masters in Teaching Math and Science. Math We are conducting a significant curriculum revision in graduate teacher education, with a hopeful adoption in fall of 2023. Mathematics instruction will be improved by integrating more supports for teaching multilingual and exceptional learners. This mirrors program revisions launched this year in the undergraduate program.

6. Provide any additional comments, exceptions and explanations below:

## Review Current Year's Goal (2023-24)

7. Is your program preparing teachers in mathematics in 2023-24? If no, leave the next question blank.

## Set Next Year's Goal (2024-25)

9. Will your program prepare teachers in mathematics in 2024-25? If no, leave the next question blank.

- Yes  
 No

10. Describe your goal.

PG math methods classes will be taught by the same faculty member, and he plans to revamp the curriculum for 24/25 students to align with the overall program curricular changes and recent research in mathematics education.

# Annual Goals: Science

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students.

## Set Next Year's Goal (2024-25)

9. Will your program prepare teachers in science in 2024-25? If no, leave the next question blank.

- Yes  
 No

10. Describe your goal.

PG has a new curriculum developed in collaboration with the National Science Foundation grant team. For 24/25 students, this course will be revised and adapted based on data from the pilot year.

## Annual Goals: Special Education

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students.

[\(§205\(a\)\(1\) \(A\)\(i\), §205\(a\)\(1\)\(A\)\(ii\), §206\(a\)\)](#)

 No

10. Describe your goal.

We continue to improve our students' capacity to support multilingual learners. Our end of program data shows that students perceive better support. We will continue using our MLL module and integrate it into all content courses at the PG level, teach the stand alone MLL course at the UG level, and we will also complete faculty professional development with two learning walks in 2024/25 to learn about how different districts implement their MLL programs.

## Assessment Pass Rates

The pass rates table is populated from files provided by the testing company or state. The table provides information on the performance of the students in your teacher preparation program on each teacher credential assessment used by your state. In cases where a student has taken a given assessment more than once, the highest score on that test is used. In the case of a teacher preparation program with fewer than 10 scores reported on any single initial teacher credential assessment during an academic year, the program shall collect and publish information with respect to an average pass rate and scaled score on each state credential assessment taken over a three-year period. ([§205\(a\)\(1\)\(B\)](#))

Please note that this page does not have an edit feature as the pass rates have already been through several rounds of verification. If you identify an error, please contact RTI's Title II Support Center and your testing company representative.

Provide the following information about the approval or accreditation of your teacher preparation program. ([§205\(a\)\(1\)\(D\)](#), [§205\(a\)\(1\)\(E\)](#))

**Note:** This section is preloaded from the prior year's IPRC.

## Low-Performing

1. Is your teacher preparation program currently approved or accredited?

- Yes
- No

If yes, please specify the organization(s) that approved or accredited your program:

- State
- CAEP
- AAQEP
- Other specify:

2. Is your teacher preparation program currently under a designation as "low-performing" by the state?

- Yes
- No

# Use of Technology

THIS PAGE INCLUDES:

>> [Use of Technology](#)

On this page, review the questions regarding your program's use of technology, and update as needed.

**Note:** This section is preloaded from the prior year's IPRC.

## Use of Technology

1. Provide the following information about the use of technology in your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request. ([§205\(a\)\(1\)\(F\)](#))

Does your program prepare teachers to:

- a. integrate technology effectively into curricula and instruction

 Yes

 No

- b. use technology effectively to collect data to improve teaching and learning

 Yes

 No

- c. use technology effectively to manage data to improve teaching and learning

 Yes

 No

- d. use technology effectively to analyze data to improve teaching and learning

 Yes

 No

2. Provide a description of the evidence that your program uses to show that it prepares teachers to integrate technology effectively into curricula and instruction, and to use technology effectively to collect, manage, and analyze data in order to improve teaching and learning for the purpose of increasing student academic achievement. Include a description of the evidence your program uses to show that it prepares teachers to use the principles of universal design for learning, as applicable. Include planning activities and a timeline if any of the four elements listed above are not currently in place.

We expect our candidates to use technology throughout the program. They are involved in using a variety of technologies to complete their work for courses. These include search engines, various blogging tools, word processors, spreadsheets, discussion groups, listserves, and a variety of other web 2.0 and computer-based technologies. Our faculty also model the incorporation of various technologies into coursework. As mentioned above, students are regularly engaged in assignments that require them to use technology. They also see technology used on a regular basis. Document projectors, Internet projections, a variety of animations, as well as smartboards, and other technologies are routinely used in classes they take. Since our students take many of their courses while embedded in the internship placement, they have an immediate opportunity to apply the technology they use in completing university coursework as well as what they are taught in their specific technology course.

# Teacher Training

THIS PAGE INCLUDES:

>> [Teacher Training](#)

Provide the following information about your teacher preparation program.

**(§205(a)(1)(G))**

**Note:** This section is preloaded from the prior year's IPRC.

## Teacher Training

### 1. Provide a description of the activities that prepare general education teachers to:

#### a. Teach students with disabilities effectively

There are several classes that incorporate training on differentiated instruction for students. This includes students with disabilities as well as students who have limited English proficiency. In addition to the integrated focus in the ARC program, all students are required to take EDSP 6644 Educating Exceptional Students, EDU 6132 Learners in Context and EDU 6133 Diversity, Equity and Inclusion to help ensure that our students are well prepared to work with students with disabilities.

#### b. Participate as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*.

There is a separate class that deals specifically with how to work effectively with the rest of the building/district team to meet the needs of students with disabilities through participation on an IEP team.

#### c. Effectively teach students who are limited English proficient.

The ARC program takes an integrated focus on preparing teachers to teach all students, but in addition, all students are required to take EDSP 6644 Educating Exceptional Students, EDU 6132 Learners in Context and EDU 6133 Diversity, Equity and Inclusion to help ensure that our students are well prepared to work with students with disabilities.

### 2. Does your program prepare special education teachers?

Yes

No

If yes, provide a description of the activities that prepare *special education teachers* to:

#### a. Teach students with disabilities effectively

Students would choose to earn an endorsement to be certified to be a special education teacher as part of their ARC program. The courses are: EDSE 5179 Fundamentals of Special Education; EDSE 5194 Teaching Strategies: Powerful Academic Strategies for All Students in Inclusive Classrooms; EDSE 5079 Autism & Asperger's Disorders (3); EDSE 5075 Trends in Early Childhood Special Education (3); EDSE 5081 Special Ed. Assessment & IEP (3); EDSE 5127 Severe Disabilities (3); EDSE 5653 Teaching Reading to Exceptional Students (3); Choose ONE of the following courses: EDCT 5384 Using Multi-Tier System of Supports to Improve Literacy and Behavior Outcomes or EDCT 5411 Response to Intervention: Changing How We Do Business (5); Choose ONE of the following courses: EDSE 5939 Understanding Autism Spectrum Disorders (5) or EDSP 5969 Attention Deficit Disorder (3)

**b. Participate as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*.**

This course would be covered through the list of courses in the endorsement program

**c. Effectively teach students who are limited English proficient.**

The ARC program takes an integrated focus on preparing teachers to teach all students, but in addition, all students are required to take EDSP 6644 Educating Exceptional Students, EDU 6132 Learners in Context and EDU 6133 Diversity, Equity and Inclusion to help ensure that our students are well prepared to work with students with disabilities.

## Contextual Information

Please use this space to provide any additional information that describes your teacher preparation program(s). You may also attach information to this report card (see below). The U.S. Department of Education is especially interested in any evaluation plans or interim or final reports that may be available.

Content Knowledge: All teacher candidates seeking endorsement are required to have a completed major in their endorsement area or they work with our Certification Office to design an "Approved Plan of Study" comprised of college/university coursework and/or documented professional experience that exceeds the minimum endorsement core content competencies. Required courses are content courses, not "teacher education" courses to ensure our candidates exceed the minimum content knowledge required for the endorsement. The "Approved Plan of Study" must be successfully completed in addition to all other state and university endorsement and certification requirements. As our assessment data indicates, our internal process for ensuring strong content knowledge appears to prepare teacher candidates well for the state assessments. Teacher candidates have two opportunities to pass the state assessment, which is a program completion requirement as well as a practicum pre-requisite. Consequently, 100% of all program completers pass the state assessment in their endorsement area(s). Since its creation in 2002, The Alternate Routes to Certification Program, which leads to a Masters of Arts in Teaching degree, has developed field-base courses which are individualized to assist the candidate in completing the residency competencies as efficiently as possible.
